PRICE LIST

OF THE

ORANGE COUNTY

NURSERIES

PROPRIETORS:

E. S. RICHMAN,

S. LENTON.

Fruits.

Flowers.

Importers of Ornamentals

FROM

Japan, Australia and France.

While we exercise the greatest care to have our trees and plants true to label, and hold ourselves prepared, on proper proof, to replace any that may prove otherwise, we do not give a warranty, expressed or implied, and in case of error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than was paid for them.

PRICE LIST

Orange County Nurseries,

FULLERTON, CALIFORNIA.

IMPORTANT

We beg to announce that the ownership and management of the Orange County Nurseries has changed hands, having been purchased by E. S. RICHMAN, for a number of years past Professor of Horticulture in the Agricultural College of Utah, and S. LENTON, formerly proprietor of *Ornamental and Citrus Nurseries* of Piru, Ventura county, also of Los Angeles.

Address all communications to ORANGE COUNTY NURSERIES, Fullerton, Cal.

TERMS AND CONDITIONS.

(1) Parties unknown to us must accompany their order with cash or satisfactory reference.

(2) Special prices will be given on large specified orders.

(3) **We Pay the Freight.** Parties ordering at the single or ten rate to exceed \$2.50; at the 100 rate to exceed \$25.00, or at the 1,000 rate to exceed \$100.00, will have their orders packed and shipped at our expense to any railroad station in California.

(4) Parties ordering less than the above specified amounts, will pay their own freight and be charged actual cost of packing.

(5) We pack in the best possible manner, either by covering with toolies or in boxes, thus making a saving of one-third in freight charges.

(6) **Remittances.** Remittances should be sent by postoffice order, express money order or bank draft.

(7) All accounts must be settled within thirty days.

(8) In ordering state whether substitution will be allowed or not. It frequently happens in the latter part of the season that we are out of certain varieties. If not specially requested not to substitute, we reserve the privilege of doing so, when it can be done without disadvantage to the purchaser. In fact, purchasers of stock for a home orchard or home grounds, if not specially conversant with varieties will do well to leave the entire selection to us, as we will send only such varieties as are suited to the locality.

(9) **Mail Orders.** We make mail orders a speciality in seeds and plants. Cut flowers and all kinds of floral work by express. These orders must be accompanied by the cash. We guarantee satisfaction in all our floral work.

(10) We all make mistakes. We will cheerfully rectify any that are brought to our notice, if complaint is promptly made.

INSTRUCTIONS TO PLANTERS.

Order your trees early. Those who order first will be served first. If you delay your order till late in the season you may not get just what you want.

Deciduous trees should be planted as soon as possible after the leaves have fallen and the ground can be gotten into good condition.

Open the bundle or box as soon as received and "heel in" in good moist soil.

In planting be sure and dig the holes deep enough and large enough to admit all the roots without bending or crowding. Fill in around the roots with well pulverized surface soil, packing firmly, except on top.

If the condition of the soil is such as to require the use of water at the time of planting, if the ground cannot be irrigated the water should be poured into the hole after it is partly filled with earth; allow the water to soak away and then fill in with loose earth without packing. Those who desire further instructions in regard to the planting and care of plants we would recommend to purchase a copy of Prof. E. J. Wickson's book, "California Fruits, and How to Grow Them."

FRUIT DEPARTMENT.

Our stock of fruit trees is very fine, being well grown and clean stock. Three hundred trees at 1,000 rate; 30 at 100 rate, and 5 at 10 rate. Less than five trees of a variety at single rate.
